## Special and Local.

**INDEX TO NEW ADVERTISEMENTS.**  
P. Weber, Jr., Surveyor.  
J. Carrington-Sheriff's Sales.  
A. P. Newberry Female Academy.  
H. C. Moses, Clerk-Extra Term of Court.  
O. P. Harris and others-Notice to Trespassers.  
S. P. Booser and J. O. Peoples-Cotton Gin for Sale.

**LESSONS IN DRAWING.**—Miss Ida L. Kingsmore respectfully informs her friends and the public of Newberry, that she is anxious to get a few pupils to whom she will impart instructions in drawing at very reasonable rates. Specimens showing her proficiency can be seen at this office. 31-4t.

**Kingsland & Heath, of Columbia,** offer special inducements to purchasers in China-Ware, Wicker work and every kind of household goods. All who wish anything in their line would do well to examine their stock before purchasing elsewhere. 1t.

When Edward Scholtz repairs your clock or watch it is warranted for one year. Try him. Satisfaction guaranteed. 15-17t.  
Thompson, Dentist, over Phifer's Store. 33-4t.

See card of E. Werber, Jr., Deputy Surveyor. 33-3m.  
It is said that Chamberlain is going to speak here at the Court House on Friday.

A box of arms sent to some unknown party here, was seized by the police on Tuesday at the depot, and they now lie in the guard house.

Attention is called to the advertisement of Messrs. Booser and Peoples, Receivers of Webb, Jones & Parker, who offer for sale a gin on very favorable terms.

The campaign opened in Helena on Friday night. A large crowd of the voters in that vicinity gathered together and were addressed by several gentlemen from this place.

Attention is called to the card of Col. Keitt, declining to run for the Legislature. We are sorry to see him decline, as the interests of the people would never suffer as long as he represented them.

We hope next week to give a full list of the number and officers of every Democratic Club in this County. Newberry, we hope, will be able to show as many clubs as any county in the State, to her population.

Attention is called to the card of P. Werber, Jr., Esq., offering his services as surveyor. Mr. Werber is eminently qualified for the position of surveyor, and any work entrusted to him will be promptly despatched and correctly done.

We invite the attention of our readers to the formation of a Tilden and Hendricks Club in Township No. 4. Let all townships follow suit, express the sentiment of their townships, and the Tilden and Hendricks ticket will be elected. 15-17t.

Mr. W. H. Harris has opened a bathing house which is just the thing for the warm weather. The establishment has been well patronized since its opening, and if any one wants a good bath we would advise him to go to Harris' bath house. 15-17t.

A petition has been sent to the County Commissioners to have a road opened from Thomas M. Payson's, to Dr. A. C. Cannon's ferry. We understand that it will greatly facilitate our communication with our Edgemoor friends. If so, it should be done.

**HIO! FOR PHILADELPHIA.**—See Mr. R. J. Ramage and he will give you all the information about the Centennial, and the shortest, cheapest and best route to reach it. By sea, by land, by sea and land, just as you desire. Thirty-six dollars coming and going. We are going to take the Bay Line, provided we can raise the money.

A meeting of some of the young men of the town was held on Monday night for the purpose of organizing a Rifle Club. Mr. Jno. S. Fair having called the meeting, stated the object. Committees were appointed for various purposes and the meeting adjourned to meet on Thursday night, when it is supposed the Club will be organized.

**PERSONAL.**—We had the pleasure of meeting at our office, Col. James Farrow, the accomplished President of the Laurensville Female College. Let our neighbors finish that railroad, and under the superintendence of Col. Farrow, the institution and Laurensville will be one of the most flourishing in the State. We have had the pleasure of meeting Mr. Pellham, the Editor of that sterling paper the Register. The Register under his management and under difficulties has become one of the leading papers of the State. He has an abiding confidence that we will carry the State if united, and united we must be.

Attention is called to the advertisement of the opening of the fall session of the Newberry Female Academy. This institution is well known and ought to be well patronized by the people. Capt. Pifer, the Principal, is a thorough teacher and a gentleman of great ability, and it would be well for parents and guardians to test the advantages of his school before sending their children elsewhere. We are glad to see that Mrs. Bailey has consented to return, which alone is sufficient to induce any who desire to have their children taught by a first class musician, to send there. The ornamental department is well represented by Mrs. Cunningham, whose talent for this kind of work is equal to any in the State.

Attention is called to the trespass notice of O. P. Harris and others.

Columbia being centrally located is admirably situated for the trade of the up-country. McCreery, Love & Co., seeing this, have established one of the finest stores in the State, their goods are sold as cheap as anywhere else, and their assortment is so large that you cannot fail to find what you want. Give them a trial. See advertisement. 1t.

**NEW PAPER.**—We have received the first copy of the *Temperance Banner*, a new weekly just started in Columbia by W. S. Teague. The *Banner* is a well gotten up paper and deserves patronage, as it is the only organ of the Temperance Orders in the State. It is well worth the subscription price (\$2.00) and even if you are not strictly a temperance person it would be well to subscribe to this first-class home journal.

Among the many industries for which Newberry is famous is the Brick Manufacturing or rather Brick Kilns of Mr. M. Foot. Mr. Foot has labored hard and earnestly to get up a first class brick yard, and has at last succeeded admirably; his bricks are far superior in general finish, durability, &c., to any other bricks we have seen, and altogether a healthy looking brick. Any one wishing bricks had better see Mr. Foot before trying to purchase elsewhere, as his prices are low, to suit the depressed state of trade, and besides being cheap, the bricks compare favorably with the best Augusta bricks, which are considered fine.

The young men of Township No. 6 organized on Wednesday last a Young Men's Democratic Club, with the following officers:

J. B. Clary, President.  
J. B. Davis, Vice-President.  
J. C. Clary, Secretary.

Executive Committee—C. M. Williams, F. Booser, I. Z. Abrams.

Twenty-two names were enrolled, with the prospect of many more joining soon. Messrs. J. Y. Culbreath, D. S. Pope and S. B. Fowles, from the Y. M. D. C. of Township No. 1, participated in the organization of the club and were called upon for speeches. This club is composed of some of the best young men in that section of the County, and if all the townships would fall in line there will be no doubt about our carrying the County at the next election.

The Young Men's Democratic Club held their regular meeting on Monday night. As no meeting had been held for a month, the attendance was unusually good. Several visitors who have taken a deep interest in the organization were present, and it is said that they were favorably impressed with the spirit of the young Democracy of Newberry. After the regular business was over, several speakers, both visitors and members, were called upon, and all delivered speeches, which were duly appreciated and applauded. Mr. C. P. Pellham, of the Columbia Register, being present, was the first called upon for his views concerning the coming campaign; he responded in a happy speech of about fifteen minutes' length, giving words of cheer to discouraged Democrats and stating squarely the present issues of the party and saying that a straight-out policy was South Carolina's only hope. Space is insufficient to give any of the speeches made; it will suffice to say that each speech "brought down" the house, and that if applause is any sign of success the Democratic party is sure to win. The Y. M. D. C. deserve credit for their enthusiasm in politics, and their last meeting added another feather to their already brilliant political plume—metaphorically speaking.

**REPORT OF COKEBURY DISTRICT CONFERENCE.**—The introductory sermon of the tenth session of the Cokebury District Conference, Methodist Episcopal Church, South, was preached at Mount Bethel Camp Ground, on the Tumbling Shoals Circuit, on Wednesday, August 9th, at 8 o'clock P. M., by the Rev. R. D. Smart, from the 12th chapter of Hebrews and 24th verse. The Conference convened under the stand at 7 1/2 o'clock A. M., on the 10th of August, Rev. Manning Brown, P. E., in the chair. After religious services, conducted by the President, the Conference was called to order. Rev. R. D. Smart was elected Secretary and Thos. F. Harmon, Assistant. The roll was called and the business of Conference fixed. Reports of the different charges were then called. All reported. Most of the charges were represented to be in good spiritual condition, yet one or two seemed to be in quite a low state. Reports of finances were not good, owing to the scarcity of money. Very few of the charges reported any more than one-fourth of the amounts collected, though all hope to get up full amounts. Dr. James H. Carlisle, President of Wofford College, and Rev. W. D. Kirkland, Professor Columbia Female College, were introduced to the Conference and invited to take seats inside of the bar and participate in the debates of the Conference. All the ministers of the District were present, excepting Rev. W. H. Lawton, who could not attend on account of sickness in his charge. Rev. C. H. Pritchard was called home to attend the funeral services of Bro. Thos. S. Moorman's sister.

Quite an interesting discussion on the subject of "Family Prayer" was entered into, in which both clergy and laity took part. Rev. C. B. Stuart, of the Presbyterian Church, was introduced to the Conference and invited to take seat inside the bar and participate in the debates of the Conference. All the ministers of the District were present, excepting Rev. W. H. Lawton, who could not attend on account of sickness in his charge. Rev. C. H. Pritchard was called home to attend the funeral services of Bro. Thos. S. Moorman's sister.

Election of delegates to the Annual Conference resulted as follows: J. B. Humbert, G. M. Mattison, J. F. Smith, Rev. Mark M. Boyd, delegates, and F. A. Conner, Thos. R. Harmon, Thos. S. Moorman and B. D. Kay, alternates.

The subject of education was taken up. F. A. Conner, Rector of the Cokebury Conference School, Rev. W. D. Kirkland, Professor elect of the Columbia Female College and Dr. J. H. Carlisle, President of Wofford College, brought before the Conference the claims of their respective institutions, and impressed the audience with the importance of the necessity of education.

Rev. S. Lander, President of Williamson Female College, brought the College before the audience.

Rev. T. G. Herbert moved that the Secretary furnish the *Southern Christian Advocate* such account of the Conference as he may think necessary.

Ninety-six was selected as the place of the next Conference.

Thos. F. Harmon moved that a resolution of thanks to this Conference be tendered to the tent-holders for their kind hospitality, and the friends who carried the delegates to and from the camp ground to the railroad, and to Mr. Irwin for transportation across the river.

There was no vote of thanks to the G. & C. R. R., which did not extend the usual courtesies heretofore shown to assemblies of this kind.

Conference adjourned with the benediction.

**ABOUT THE TOWN AND COUNTY.**—Everything quiet last week.

Camp meeting over and everybody sad.

A picnic was held at Pomaria on Thursday.

The Y. M. C. A. met on Friday night in Temperance Hall.

Some predict that we are going to have forty days of rain.

A party of young men left for the mountains on Thursday.

Some of our prominent merchants will leave shortly for the North.

Any school books that are needed can be ordered at the HERALD Book Store.

Rev. Wallace Duncan, Professor at Wofford College, preached last week in the Methodist Church.

A cow case engrossed the attention of the fragment court of our Trial Justice one day last week.

The Centennial will be well represented by several parties from this place who leave shortly.

Thursday was a dull day, few politicians abroad, and consequently comparative quiet on the square.

The Democratic party is working together now better than at any time since their organization in this County.

When a man is bothered by mosquitoes at night he is apt to forget the resolutions formed at the "camp meeting."

Diphtheria is still here, but the majority of the cases so far have yielded to the successful treatment of the physicians.

The canvass is close on us and no prospect of a barbecue. Now is the time to have it, while vegetables are in full blast.

Whenever you see a crowd of darkies listening to one man holding forth, you may bet your bottom dollar that politics are being discussed.

The Editor of this paper says "the accidentally landed in Philadelphia." Many others would like the same accident to happen to them.

Whiskey and politics—two of the most demoralizing things in the world, as a young man said when he got drunk at a ratification meeting.

The old building known as Hunter's shop has been pulled down, and a roomy house put in its place by the owners, Messrs. McFall & Pool.

A horse attached to a single wagon, having been left by its driver, got up and dusted last week, to the intense satisfaction of the street gamins.

"The music of the future" is admirably illustrated by the performances of the colored band of this place—you can't make head or tail out of it.

**The Murderer of Joe Crews.**

COLUMBIA, S. C., August 7.—Francis McGann was arrested in Laurens on Saturday for the murder of Joe Crews. The affidavit was made by C. P. Sullivan. McGann has made a so-called confession implicating two men in Laurens County whose names are not made public, but whom he charges with having paid him two hundred dollars for committing the murder. The recent conduct of both Sullivan and McGann has been so suspicious that the statements of the latter are accepted by no one as entitled to credence. They have been associated for some time in working up this case, and it is generally suspected that this is a clumsy attempt either to obtain the large reward offered for Crews' murderer or else to shield the real criminal.

Another theory is that Sullivan and McGann are working to have the latter put upon the stand for the purpose of convicting Cullen Lark of this crime, of which he has long been suspected. McGann spent the night previous to his arrest at Crews' house, and his meals have been supplied by Crews' relatives.—*News and Courier.*

Persons living in unhealthy localities may avoid all bilious attacks by taking a dose of Dr. Bull's Vegetable Pills occasionally to keep the liver in a healthy action.

**A Double Danger Averted.**  
The inhabitant of a malarious region is threatened by a double danger. He is not only compelled to breathe miasma, but to swallow it, since it finds its way into the system through the lungs and pores, the liquid through the stomach. Against this double peril there is but one protection, and that is to invigorate the entire body through the digestive and excretive organs. Ordinary tonics usually fail to accomplish this—Hostetter's Stomach Bitters never. In the copies, where the diseases originated by malarial are of a far more malignant type than those originated by the same cause in the temperate zone, it enjoys immense and constantly increasing sales, and there is no portion of this continent where it is not the reigning specific for malarial fevers and disorders of the stomach, liver and bowels, resulting from malarial and other causes.

**QUESTIONS FOR EVERY ONE TO ANSWER.**  
Are you troubled with Indigestion, Constipation of the Bowels, Dyspepsia, or any other disease of the Liver? Have you suffered for years and found no relief from the use of medicines? Do you have a faint appetite, and are you troubled with indigestion of food? If you have these feelings we know you have tried the new discovery MERRELL'S HEPATINE, at Dr. S. F. Fant's Drug Store. It is performing wonderful cures in this and all other communities where the people use it. It is pronounced by all the best Liver Medicine in the world. Two doses will relieve the worst case of Dyspepsia or Constipation of the Bowels. Each bottle contains fifty doses, and a teaspoonful of this medicine in a wideglassful of water three times a day for one day, produces a most wonderful change. Where the system is run down with the loss of energy and appetite, or Dyspepsia, with all its train of evil, it is effecting its deadly work, this remedy, MERRELL'S HEPATINE, never fails to bring about a speedy and permanent cure. Those who doubt the merit and virtue of this medicine, and live from day to day without trying the HEPATINE, have our sympathy, but can not be cured unless they take the Medicine. 30-4t.

MANHOOD: HOW LOST, HOW RESTORED! Just published, a new edition of Dr. Cassin's celebrated Essay on the radical cure (without medicine) of SPERMATORRHOEA or Seminal Weakness, involuntary seminal losses, IMPOTENCY, CONSUMPTION, EPILEPSY and FITS, induced by self-indulgence or sexual extravagance. 50¢ Price, in a sealed envelope, only six cents.

The celebrated author, in this admirable Essay, clearly demonstrates, from a thirty years' clinical practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his other may be, may cure himself cheaply, privately and radically.

This Lecture should be in the hands of every youth and every man in the land. Sent under seal, in a plain envelope, to any address, post-paid, on receipt of six cents or two post stamps.

Address The Publisher, P. BRUGMAN & SON, 41 Ann St., New York. Post Office Box 436. July 12, 88-1t.
